Ms. Gwen Hendrickson
4675 Hwy E
Phelps, WI 54554

SUBJECT: Private Water Supply Sample - September 28, 1993

Dear Ms. Hendrickson:

The purpose of this letter is to request permission to obtain a water sample from your home on September 28, 1993. This sample will be collected as part of a Superfund Site Assessment Site Inspection (SI) at the C.M. Christiansen property. The work is to be performed by the State of Wisconsin Department of Natural Resources (WDNR) under a cooperative agreement with the U. S. Environmental Protection Agency (EPA).

The WDNR is authorized to conduct inspections and collect samples as part of an SI as specified in Section 104(e)(1) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act (SARA), 1986. Additionally, the WDNR is authorized to conduct investigations of this nature under the State's environmental response and repair program (Section 144.442, Wisconsin Statutes).

We anticipate collecting the sample the morning of Tuesday, September 28, 1993. We would like to be able to collect the sample as close to the well as possible. In some cases, that requires accessing the basement to collect the sample. Will you be home on September 28, 1993, or can you make provisions to allow us to sample at that time?

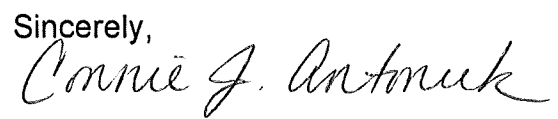

I will be giving you a receipt for all samples collected. I will also forward a copy of the analytical results to you for your records.

The WDNR would appreciate your written permission to proceed with the sampling, as scheduled. Please indicate your approval and permission by signing both copies of the last page of this letter as provided, and returning one to my attention. The second copy may be retained for your records.

Ms. Hendrickson
