Dear Mr. Christiansen:

I'm writing this letter to seek permission to enter your property adjacent to Military Creek. The Department of Natural Resources is planning to conduct a caged fish study to determine bioaccumulation rates of various chemicals. The Department plans on placing fish cages in the creek during the week of August 22, 1994. We will have to make a return visit on the 10th day, as well as the 30th day. Therefore, this will require three separate days where we would have to enter your property.

I will contact you by phone before August 8, 1994. If you have any questions, please contact me in Rhineland, (715)369-8947.

Sincerely,

JMK
