RE: ~~C.M. Christiansen Co.~~ (Pole Dipping Site, Phelps)

Dear Ms. DeBrock-Owens:

For the reasons setforth below I am asking for an extension to the date for naming a consultant in the above matter. Specifically, I request that the Department extend the deadline from Monday, October 24, 1994 to Wednesday, October 26, 1994.

The extension is necessary because one of the three consultant firms (STS) from which the Company sought a proposal for the work at the pole dipping and drum disposal sites called late on Tuesday, the 18th, to explain that it would not be able to meet the submittal deadline of the 19th. The consultant explained that it fully intended to make a proposal but because of numerous unanticipated demands for existing projects had been unable to prepare its response to the Company's request for proposal. STS agreed to have its submittal to me by Friday, the 28th. In consideration of STS's expertise in the relevant area (investigation and remediation of pentachlorophenol releases), I deemed it in my client's best interest to extend their submittal date to Friday, October 21st, 1994.

Since it will take a day or two to adequately review and compare the proposals and to discuss the comparisons with my client, I will need the extension requested above. If there is any difficulty in granting the extension, please notify me immediately. Unless I hear from you to the contrary, I will assume that the Department is willing to grant the extension request.

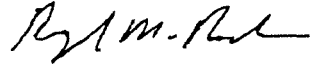

Whyte Hirschboeck Dudek S.C.
