Dear Mr. DeBoer:

Whatever became of your discussion with Scott Watson of the WDNR in Rhinelanders with regard to the some 20,000 cu. yards of waste material you wanted to dump on our property to complete your Company Hwy "K" project? I have heard nothing from either you or Mr. Watson to date.

By the way, your Waste Dumping Agreement, as presented, for our signatures, is far too vague and incomplete. I would be agreeable to discussing details at our mutual convenience, following WDNR site approval.

I will appreciate your prompt response.

Sincerely,

C.M. CHRISTIANSEN CO.
