SUBJECT: Final C.M. Christiansen Company SSI Report

Dear Mr. Rivera:

I am submitting a final copy of the C.M. Christiansen Company Pole Dipping Site SSI Report (WID998639035). All comments noted in your letter dated August 25, 1995 have been addressed. In addition to a modified copy of the text, I am submitting copies for references 2 and 13 (final) and the Decision Memo (minor grammatical corrections). Your letter stated that this report was conditionally approved based on making these modifications to the report. Therefore, WDNR considers this report finalized as part of our FY'95 Cooperative Agreement commitments. We are recommending this site as a low priority RP action designation as our state Environmental Repair Program is currently working with the C.M. Christiansen Company to remediate the site.

If you have any questions regarding this submittal, please contact Amy Parkinson at (608) 267-5063.

Sincerely,

  
Robert Amerson, Lead Worker  
Site Evaluation Unit
