October 3, 1995

Mr. Phil Christiansen  
Lake Street County E  
P.O. Box 100  
Phelps, Wisconsin 54554

Dear Mr. Christiansen:

Thank you for granting permission to the Wisconsin Department of Natural Resources to gain access to your property to sample Military Creek during the week of October 9, 1995. Mr. Scott Watson and I discussed this sampling with you on September 29, 1995.

We will be working on your property located at T42N, R11E, Section 35. We will be collecting streambed sediments to be taken back to the lab for biomonitoring. We will also be collecting macroinvertebrates for biotic index testing. A limited amount of sediment sampling will also occur from the floodplain soils adjacent to Military Creek, as well as from North Twin Lake. Justification for this sampling is listed on Pages 4 and 5 of the DNR work plan sent to you under separate cover.

If you have any questions concerning this letter and our monitoring, feel free to call me at (715)365-8947. Thank you for your cooperation.

Sincerely,

Jim Kreitlow  
Water Resources Specialist
