Re: C. M. Christiansen Co.
Phelps, Wisconsin Project

Dear Scott:

As we discussed during our telephone conversation of February 15, 1996, we contacted ROSCO of Rhineland, Wisconsin and have organized for the copying of the various reports we discussed (ie. Marathon County, Wisconsin PCP Site Investigation Report and the various EPA Spooner, Wisconsin PCP Reports). Also, as we discussed, if there are any other reports/documents that you think may contain information that will be useful to us as it relates to the Phelps, Wisconsin site, drop them off for copying as well.

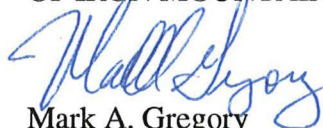

When ROSCO has completed the photocopying, they are to send the copies to us at:

Coleman Engineering Company of Iron Mountain
635 Industrial Park Drive
Iron Mountain, Michigan 49801

Again, thank you for your assistance in making these reports available to us. I will call you when we receive the reports so that you can arrange to pick up the DNR documents.

Sincerely,

COLEMAN ENGINEERING COMPANY
OF IRON MOUNTAIN
