- Bob will propose up stream ref. Sample locations.
- Tom will provide Bob w/ SLOH PCP method
- DRO military Creek
- Provide Mark w/ coordinates of our sample locations.
- Tom will provide info methodology for Aquatic life Toxicity Test
- Bob proposes stopping @ county line for sediment, DNR does not accept that boundary
- Tom's proposal
  1. Macro invertebrates.
  2. Sediment Traps w/ PCP, TOC (over a years period)  
DNR had 1 at Ref. 3 down stream.
  3. Sediment Sampler  
DNR has ~~additional~~ composited Sed Samples  
we propose segmented core analysis.
  4. Risk assessment
