

1977 to 1987 Folder

- 3-8-87 Trout inventory on Military Creek (MC)
- 7-30-80 EPA Hazardous Waste Notification returned by CMC to DNR
- 3-17-81 A) DNR called P. C. Christiansen
B) CMC informs DNR that it went out of business in Oct. 1980. PCP hauled away prior to 11-19-80
- 4-9-81 EPA General Inspection sent to CMC
- 11-4-81 EPA form returned (treatment, storage, or non-activity)
- 8-19-87 Call from Vilas Cty. Sheriff child received chemical burns at CMC site in old lab
- 8-20-87 DNR called CMC to request inspection
- 8-25-87 Inspection of CMC with Don Crass
- 9-25-87 Letter to P.C. Christiansen to investigate within 60 days for soil and Groundwater
- 10-1-87 Reply from CMC to 9-25-87 letter
- 10-4-87 Description of pole dipping operation (1973 DNR letter attached stating no problem at site - "used as bible according to CMC")
- 11-3-87 Letter to CMC required to properly dispose of chemicals and REPEAT request to investigate site

1988 To 1992 Folder

1-5-88 White Water Assoc. Preliminary Phase I investigation (30-50ug/l PCP)
1-11-88 Letter CMC report was received
8-29-89 Anonymous report of leaking barrels at CMC
9-1-89 RP letter to P. C. Christiansen (PC) for proper clean up and disposal of 31 drums
9-5-89 Letters from Sylvan to disposal Co.'s
9-8-89 Sylvan Co. (PC) found barrels then denied ownership except for three
9-19-89 Inspection of property. Drum samples taken
10-11-89 To CMC requesting written confirmation within to fence, sample and dispose of 31 barrels. Informed CMC of possible enforcement action
10-12-89 State Lab of Hygiene (SLOH) report of soil under drums
10-17-89 Sylvan request for 30 day extension (verbal). Why retest drums f DNR already has?
10-18-89 Barrels are fenced in. Written request for 30 day extension.
10-24-89 SLOH sample results.
10-26-89 30 day extension will be considered by Dept.
12-28-89 Drum analysis from White Water Assoc.
4-12-90 S-27-2 SLOH drum analysis
7-18-90 PC to DNR - HE wrote letter and no DNR response within 80 days.
8-6-90 Internal memo
9-17-90 Review of rank and scoring of Military Creek (MC)
Undated Handwritten description of CMC
12-10-92 After WWTP meeting in Phelps, 3-4 residents voice concerns' CMC contaminating MC and lakes.
10-1-92 Summary of sampling of MC from 9-28-92. Pictures of area were taken.
11-26-93 SLOH sample results from MC.

1993 Folder

2-1-93 Summary of CMC sampling along with others in state
4-9-93 CERCLIS listing (sample results to date included)
4-12-93 Internal Memo - Proposal and request for money to sample MC
4-13-93 Initial memo - sampling at MC prior to 6-30-93
4-13-93 Proposal to sample for dioxin in MC
5-25-93 Internal memo - Fitzgerald memories of CMC
6-7-93 Internal memo - Water Res. Will not sample MC because SW is going to
6-16-93 DNR will begin Superfund inspection third week of Sept.
Undated CMC PA description
Undated CMC drilling scope of work
7-27-93 0900 - solution makeup and procedure to dip poles
Undated PA score sheets
8-11-93 Int. Memo - develop MC sampling plan
8-13-93 EPA PA for CMC. Run duplicates
8-13-93 To PC - Schedule of drill rig and MW sampling
8-24-93 Citizen report - someone under PC supervision burned dipping area shed frame
and hauled in new fill
9-9-93 Int. Memo - PCP detection levels
9-20-93 Approved CMC site inspection plan and sampling work plan
9-14-93 Requests to sample private wells' neat CMC
9-20-93 CMC site Inspection Safety Plan
9-15-93 Int. memo - sampling split between SW and Water Resources
9-23 & 27-93 Submittal of PA to EPA
10-22-93 Midwest Eng. Services Inc. Drilling report at CMC

1994 Folder

3-21-94 CMC Data Summary including residential wells
5-17-94 Condensed CMC data with a target compound list
5-18-94 Int. Memo - DNR to consider drum and dipping site as one site
7-22-94 Twin Lake dioxin results
7-25-94 Request to enter CMC property
7-25-94 Approval to enter property
8-16-94 NOV for both sites at CMC
8-25-94 To PC - apology & request to enter CMC property
8-26-94 Sampling data and DNR info request sent to Roder
9-16-94 Phone call to PC to enter CMC property
9-16-94 9-2-94 Summary of retrieval of minnows from MC and Twin Lake cages
9-23-94 CMC to Sno-MO-Beelers that they can't use parts of his land
9-30-94 Critique of Scope of Work
4-5-94 Results of private well owners
10-10-94 DOH trail usage assessment
10-5-94 Roder requests extension from 10-17 to 10-24 to select consultant
10-7-94 Summary of MC and Twin Lakes 9-22-94 caged minnow retrieval
10-14-94 Discussion that DNR did not request snowmobile trail closure
10-20-94 CMC requests selection of consultants for two more days to 10-26
11-1-94 Int. Memo - DNR selection of a consultant
1-1-94 Consultant statement of qualifications
11-3-94 Roder telephone conv. From DNR Enf. Sec. Need to pick consultant or EPA will do emergency removal
11-7-94 PC requests help and info to dispose of contaminated materials
11-9-94 To CMC - Work plan and stipulation agreement. Also, confirm Montgomery Watson as consultant
11-7-94 DNR selects RMT as their consultant
11-21-94 To PC - answer on disposal of contaminated materials
12-21-94 Roder to DNR - Request copy fish surveys. Informed DNR that PC had delayed signing with Montgomery Watson to see if EPA cheaper. Asked for help to set up conference call.

1995 Folder

- Undated Summary of caged fish studies, dioxin, PCP, sediment, sampling on MC
- 1-6-95 Written answer to Roder's 12-24-94 letter. Informed Roder that EPA will investigate site in January to determine costs. Fish results will be sent when they arrive (2-4 mo's).
- 2-1-95 To PC - CMC End. Repair site issues from DNR/EPA 1-18-95 site inspection. Dept. wants to proceed in spring of 1995.
- 2-3-95 Int. Memo - CMC will proceed with investigation by 4-15-95. Retract DNR funding.
- 2-8-95 To Roder - Need to know if PC hiring a consultant by 2-14-95. If he does, we need to plan specifics by 4-15-95.
- 2-9-95 DNR letters to consultants - they will not be needed.
- 2-9-95 Roder to DNR - PC has hired Coleman Eng. and White Water Assoc. To perform remedial Investigation.
- 2-11-95 PC letter to Watson DNR, PC has picked AMASA Michigan group to complete work.
- 2-23-95 Chemical Waste Mgmt. Invoice that 5 barrels were picked up and disposed of.
- April 1995 Coleman Site Investigation Work plan.
- April 1995 Water Resources Mgmt. (WRM) sampling plan by Janisch for MC.
- 4-13-95 White Water Assoc. Work plan.
- 4-26-95 To Coleman - Work plan notification
- 5-8-95 Int. Conf. call - with WRM to discuss MC work plan
- 5-10-95 Int. Memo - WRM site Assessment work plan proposal
- 6-21-95 Int. Memo - Scope of Work (SOW) @ CMC site review. Need to develop safety plan.
- 6-26-95 CMC to Dan DeBoer - what happened to 20,000 cubic yards of clean soils for fill
- 6-8-95 Kreitlow of DNR - background information and proposed sampling for CMC near CMC.
- 5-5-95 Coleman confirmation of Workplan modifications
- 5-13-95 Int. Memo - handouts for CMC Meeting
- 7-18-95 Falstad review of CMC drum incident. Five reports can be kept confidential and closed. All others are excluded (this is a large packet)
- 7-20-95 To Coleman - Falstad's investigation
- 8-9-95 Roder to DNR - has not received study plan for fish and benthic communities in MC. PC will not be held responsible if study is not started on time.
- 8-16-95 White Water Assoc. Suggested workplan modifications
- 8-28-95 DOH assessment of pole dipping operation public concerns. (Rec. on page 11)
- 9-11-95 WRM SOW to White Water Assoc.
- 9-11-95 DNR to PC - urging him to accept plan to minimize his costs
- 9-21-95 To EPA - Site SSI report with changes
- 9-22-95 CMC-does not want to pay all analytical costs for a "legally dead horse" (4 pages)
- 10-2-95 Roder to DNR - critique of WRM SOW
- 10-3-95 Thank you for permission to go on CMC land
- 10-6-95 WRM request for study funds in floodplain soilsadj. To MC

- 10-4-95 Falstads interviews with 4 Phelps residents. 1918 map of CMC site. Chemicals were dumped in low spot of loading area kon stable side.
- 10-30-95 White Water Assoc. - references to polychorinated diphenylethers (PCDPE's) Info in EPA publication
- 11-14-95 MC particle size analysis
- 10-1995 Workplan for supplementary Characterization and Investigation of containimated sediments.
- 11-6-95 WRM smpling of October 9 & 11, 1995. (2 copies)

1996 Folder

- 1-8-96 Summary of Coleman CMC work including site plan, soil and groundwater (GW) for PCP, PAH and dioxin equivalents
- 2-20-96 Relevant PCP material from other sites copied by Coleman
- 3-5-96 SLOH MC floodplain and N. Twin Lake sediment samples results
- 3-5-96 White Water Assoc. Second round GW monitoring results
- 3-7-96 White Water Assoc. Second round GW VOC monitoring results
- 3-29-96 Int. Memo - meeting with SLOH to discuss MC analytical results
- 5-10-96 Phase II study outline to further define extent and degree. Study to include biodegradation "bench scale study using same procedures in Phase I SI.
- Undated Handouts for May 15, 1996 CMC meeting from Watershed Management.
A). Includes good summary of tables and bioassay
B). Newton Creek site characterization report dated 12-1-95 (Pub. #WR-433-95)
- 5-15-96 Roder letter expressing past and future co-operative effort
- 5-23-96 DNR to Roder - concurrence with Phase II proposal
- 5-24-96 To White Water Assoc. From Janisch DNR - Analytical methods utilized at MC and MC toxicity testing results (large packet)
- 5-29-96 TO Coleman - Samples from CMC transport considerations per recent phone conversation with Mark Gregory
- 6-5-96 Mich. Dept. Of Env. Quality acceptance of Coleman's box treatability study.
- Undated Order's revision to public meeting notice for CMC and agenda
- 7-10-96 Individual "thank you" for holding public meeting
- 7-18-96 From Lake Shore Reality - "Concern that MC did not receive a clean bill of health" and newspaper article on public meeting
- 7-22-96 White Water Assoc. July 9, 1996 meeting agenda and attendance signatures
- 7-22-96 Vilas Cty. Health contact
- 8-27-96 To PC - buried drums location at Sylvan site
- 11-4-96 WRM results of CMC site magnetic survey
- 12-19-96 DNR to PC - Nov. 6, 1996 digging. No drums were found . DNR will not proceed with enforcement action at this time
-
- 1-20-97 Order's revised project schedule on behalf of CMC

1977 to 1987 Folder

- 3-8-87 Trout inventory on Military Creek (MC)
- 7-30-80 EPA Hazardous Waste Notification returned by CMC to DNR
- 3-17-81 A) DNR called P. C. Christiansen
B) CMC informs DNR that it went out of business in Oct. 1980. PCP hauled away prior to 11-19-80
- 4-9-81 EPA General Inspection sent to CMC
- 11-4-81 EPA form returned (treatment, storage, or non-activity)
- 8-19-87 Call from Vilas Cty. Sheriff child received chemical burns at CMC site in old lab
- 8-20-87 DNR called CMC to request inspection
- 8-25-87 Inspection of CMC with Don Crass
- 9-25-87 Letter to P.C. Christiansen to investigate within 60 days for soil and Groundwater
- 10-1-87 Reply from CMC to 9-25-87 letter
- 10-4-87 Description of pole dipping operation (1973 DNR letter attached stating no problem at site - "used as bible according to CMC")
- 11-3-87 Letter to CMC required to properly dispose of chemicals and REPEAT request to investigate site

Excellent!

1988 To 1992 Folder

1-5-88 White Water Assoc. Preliminary Phase I investigation (30-50ug/l PCP)
1-11-88 Letter CMC report was received
8-29-89 Anonymous report of leaking barrels at CMC
9-1-89 RP letter to P. C. Christiansen (PC) for proper clean up and disposal of 31 drums
9-5-89 Letters from Sylvan to disposal Co.'s
9-8-89 Sylvan Co. (PC) found barrels then denied ownership except for three
9-19-89 Inspection of property. Drum samples taken
10-11-89 To CMC requesting written confirmation within to fence, sample and dispose of 31 barrels. Informed CMC of possible enforcement action
10-12-89 State Lab of Hygiene (SLOH) report of soil under drums
10-17-89 Sylvan request for 30 day extension (verbal). Why retest drums f DNR already has?
10-18-89 Barrels are fenced in. Written request for 30 day extension.
10-24-89 SLOH sample results.
10-26-89 30 day extension will be considered by Dept.
12-28-89 Drum analysis from White Water Assoc.
4-12-90 S-27-2 SLOH drum analysis
7-18-90 PC to DNR - HE wrote letter and no DNR response within 80 days.
8-6-90 Internal memo
9-17-90 Review of rank and scoring of Military Creek (MC)
Undated Handwritten description of CMC
12-10-92 After WWTP meeting in Phelps, 3-4 residents voice concerns' CMC contaminating MC and lakes.
10-1-92 Summary of sampling of MC from 9-28-92. Pictures of area were taken.
11-26-93 SLOH sample results from MC.

1994 Folder

3-21-94 CMC Data Summary including residential wells
5-17-94 Condensed CMC data with a target compound list
5-18-94 Int. Memo - DNR to consider drum and dipping site as one site
7-22-94 Twin Lake dioxin results
