Hi Pete,

We will plan to incorporate PFAS and 1,4-Dioxane into our next annual sampling event in October. Let me know if you have any questions or comments.

Thanks,
Ryan

Subject: Additional PFAS Sampling _New Richmond CYT LF_ 02-56-000097

Hi Ryan,

Thanks for taking time to discuss the New Richmond CTY LF site with me yesterday. Per our discussion, the DNR would like to see a second round of PFAS sampling occur at this site. The second round should include a resampling of all of the locations sampled for PFAS in May of 2020. In addition, the next round of sampling should include analysis for 1,4 Dioxane as it has not been previously evaluated at this site. Please let me know if you have any questions.

Thanks,

Pete Raymond
