Subject: FW: Permission to Access Nicolet State Trail for Well Abandonment
Attachments: Lakewood_Map.pdf; Trail_Lakewood_Off-site_Property.pdf

Hi Monty,

Please see the below and attached regarding requests to access the Nicolet State Trail near Lakewood to take samples and properly abandon groundwater monitoring wells that are located on the state trail property. The monitoring wells were installed for BRRTS #0243000105 – Lakewood DX – SL. Unfortunately, I was not aware that we had active monitoring wells on the property. From talking to Sarah, she first needs to conduct a site visit to locate and collect samples. The DNR will be contracting the abandonments and may require vehicle and equipment access to complete the work. I have cc'd Sarah.

Please let us know if you have any comments, concerns, etc., regarding the proposed work.

Thanks,
Kelly

Subject: Permission to Access Nicolet State Trail for Well Abandonment

Good Afternoon –

I am looking to notify and get permission to access for some well abandonments this year on the Nicolet State Trail in Lakewood WI, Oconto County. The wells in question are MW-11, and potentially MW-18A

and 18B located on the attached map. The wells are off the trail but appear to possibly be on the DNR property.

I talked to Kelly Raleigh Moses asking who I should contact, and she gave me both of your names.

We will be doing an initial round of sampling this spring and hope to perform the abandonments late this summer or early fall.

Please let me know if you have any questions.

Thank you,

Sarah

Wisconsin Department of Natural Resources
ACCESS PERMISSION AGREEMENT

DNR Site Name: Lakewood DX
Site Address: 15761 E Chain Lake Road, Town of Lakewood, Wisconsin
BRRTS# 02-43-000105

The Wisconsin Department of Natural Resources hereby gives permission to the Wisconsin Department of Natural Resources (“the department”) and its employees, duly authorized representatives, agents and contractors, to enter upon and have access at reasonable times to the Nicolet State Trail, Lakewood within NE 1/4 and NW 1/4 of Section 31, T33N, R16E, Oconto County, Wisconsin, referred to herein as the “Property”, and that is owned by the Wisconsin Department of Natural Resources, for the following purposes, so that the department may:

- (1) Properly abandon the groundwater monitoring wells installed at the request of the department when the wells are no longer needed.

The department is responsible for any investigative waste that is produced by these activities and will return to collect any investigative waste that may be temporarily stored on the Property.

The permission that is granted herein shall remain in effect until December 31, 2022. Before December 31, 2022, if the owner of the Property wishes to withdraw permission for continued access, the owner of the Property shall notify the department of that fact in writing. The department shall, within 90 days after receiving such notice, either cease/finalize listed activities and abandon wells, or obtain a court order to allow continued access.

The DNR’s authority to access to the Property described above is provided under Wisconsin Statute § 292.31(3).
