Subject: RE: WDNR Case Closure Form Incomplete Reminder for 02-44-000113
Date: Wednesday, March 6, 2024 8:51:00 AM

Good Morning:

Please disregard the message below. REI submitted updated information for this case closure request on February 16. After discussing the updates with Dave Larsen, we determined it made sense to wait for Project Manager Carrie Stoltz to review the updates once she returns from vacation later this month.

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

The DNR Project Manager (PM) conducted an initial Administrative Review of your submittal on 2023-12-06 and the item(s) and/or attachment(s) listed below remain missing, incorrect, or incomplete:

Summary (51): Continuing Obligations property type table completed No information was checked for the ROW

Attachment B (2A): Soil Contamination

The text in Form 4400-202 under 3Aii mentions unsaturated soil contamination

Attachment B (2B): Residual Soil Contamination Pleaes refer to B2a comments

Attachment G (1): Affected properties table completed Notifications were not sent to affected off-site or ROW holders

Signatures (2): Engineering Certification No signature

Signatures (3): Hydrogeologist Certification No signature

If you recently submitted corrections to these items or are currently working on corrections with the PM, we appreciate your efforts. Please be advised that all deficiencies in your closure request must be resolved within thirty (30) days from the date of this email or your submittal may be administratively withdrawn from the review process. Additional closure fees may be charged in the future.

Please contact Carrie Stoltz at carrie.stoltz@wisconsin.gov or (715) 360-1966 with questions regarding your submittal.
