Dear Mr. Giuffre:

Your proposed Change Order #8 is approved. You may proceed with the proposed work. The Department of Natural Resources (DNR) received the DERF Site Investigation Bid Summary Consultant Selection Cover Sheet prepared by REI, Inc., and submitted on your behalf on May 30, 2024.

The work proposed includes time and material costs for the abandonment of ten (10) monitoring wells, nine (9) piezometers and two sub-slab vapor points.

Cost approved for this change order is \$8,342.30. The original cost approved for this site investigation including Change Orders #1 through #7 and all variances was \$135,862.48. The total cost approved to date for this site is \$144,204.78.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the Wis. Admin. Code NR 700 series.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program (DERP). Reimbursement is contingent upon availability of funding and a final determination regarding the eligibility of costs at the time of claim review.
