Okay, I am planning on going to the site sometime this week. I will make a copy of the last sheet in the book and send it to you. I will keep the book(s) at the site until instructed otherwise.

I won't get an answer that quickly. It needs to come from EPA.

Sounds good. I need to get over to the site to complete the monthly inspection yet. Usually, I do the inspection when I collect the samples, but wasn't feeling well enough to stay. Once you let me know about the books, I will head over to the site.

I should have a copy of the current sheet. Let me find out if the originals need to stay on site.

I should copy the current sheet of the current book and send it to you correct? What do you want done with the current book (I believe there are also past books in the desk)?

Brian,

I confirmed with DNR and a Safety Consultant (re: OSHA requirements) that we can discontinue use of the sign-in log at the Mauthe Superfund Site. Please submit the final sheet with the next invoice and remove the sign-in log from the site. Thank you.
