The property is located in the NE ¼ of the NW ¼ of Section 34, Township 21 North, Range 17 East, City of Appleton, Outagamie County, Wisconsin. - (4) Collect at least three (3) separate rounds of vapor samples from the sump pit, if present in the home or business, at different times of the year.
- (5) Abandon the vapor probe(s) when no longer needed.

The permission that is granted shall remain in effect until July 26, 2024 when the vapor screening work is expected to be complete. If an extension is necessary to complete the work, DNR will inform you in writing.
