Karen,

I appreciate your time this afternoon discussing the Clothes Basket/Jack's Place site. As I mentioned during our conversation, the DNR received your response letter, dated November 13, 2023, in which you indicated that you intended to hire a consultant by December 31, 2023. The DNR approves of this plan to move the site back into compliance, and looks forward to hearing from your consultant in the near future. Also, I've attached the DNR's list of environmental consultants per your request; consultants located in Superior are listed on pg. 6 and Duluth consultants are listed on pg. 7. I also attached a few other guidance/reference documents related to post-closure modifications and vapor intrusion that I thought may be helpful. The YouTube link below ("Vapor Intrusion 101") is a very short video that does a good job of explaining vapor intrusion to a layperson.

If there are any questions, please do not hesitate to contact me by phone or email.

Thanks,  
Grant
