Good afternoon Frank,

Please find the attached authorization letter to conduct a voluntary removal action at WPSC Green Bay OU1. When available, please provide me with the draft Remedial Action Work Plan for review and comment.

Please let me know if you have any questions.

Thank you,

Leah K. Werner

Re: Authorization to Conduct a Voluntary Removal Action at WPSC Green Bay Former
Manufactured Gas Plant Site, Green Bay, Wisconsin

Dear Mr. Dombrowski,

The U.S. Environmental Protection Agency (EPA) has reviewed Wisconsin Public Service Corporation's (WPSC) March 25, 2022, request for authorization to conduct a voluntary removal action at the Green Bay Former Manufactured Gas Plant Upland Operable Unit Superfund Alternative Site (Site). Pursuant to Section 107(d) and 122(e)(6) of CERCLA, 42 U.S.C. §9607(d) and 42 U.S.C. §9622(e)(6), EPA authorizes WPSC to proceed, provided that all work plan documents and reports documenting the action to be conducted are submitted to the Remedial Project Manager for review and comment prior to the commencement of any work. EPA comments on work plan documents, including design, will be sent in writing by the Remedial Project Manager.

If you have any technical questions, please contact Leah Werner, Remedial Project Manager, at 312-886-0552.

Sincerely,

4/26/2022
