Good afternoon Glenn,

Please see attached EPA's review of the OU2 Removal Action Summary Report. EPA has no further comment and requests that this letter initiate preparation of the Green Bay OU2 RI – Rev 2, which will include data collected as part of the early removal action. Please let me know if you have any issue providing the RI within 30 days, by November 24, 2023.

Thank you,

Leah Werner

Good afternoon Glenn,

Please see the comments for the *Early Removal Action Summary Report – Operable Unit 2 Utility Court Cove Area – Revision 1*, attached. These are very minor comments so a RTC is not required so long as the comments are incorporated into Rev 2. Once Rev 2 is provided, I can quickly review and provide a “no further comment” letter. Let me know if you have any questions.

Thanks,

Leah Werner

Subject: 2023-08-04 Green Bay MGP - Removal Action Summary Report - Operable Unit 2 Utility Court Cove Area

Good Morning Leah –

Please utilize the link below to download the *Removal Action Summary Report – Operable Unit 2 Utility Court Cove Area – Revision 0* for the completed early removal action (ERA) at the former Green Bay Manufactured Gas Plant (MGP) Site located in Green Bay, WI. The OU2 ERA construction was performed in general accordance with the USEPA accepted *Early Removal Action Work Plan-Revision 2* and *Early Removal Action Work Plan – Addendum No. 1*. OU1 construction will be documented in separate reporting. Following acceptance of the OU2 report, the RI Report – Revision 2 for the Sediments Operable Unit 2 will be submitted inclusive of data/documentation in the enclosed report.

Re: Review of the Removal Action Summary Report – Operable Unit 2 Utility Cove Area –
Revision 2, Former Green Bay Manufactured Gas Plant Site, Green Bay, Wisconsin

Dear Mr. Luke,

The U.S. Environmental Protection Agency (EPA) has reviewed *Removal Action Summary Report – Operable Unit 2 Utility Cove Area – Revision 2* (OU2 Removal Action Summary Report) dated October 23, 2023, for the Former Green Bay Manufactured Gas Plant Superfund Site (Site). On April 26, 2022, EPA sent an authorization for WPSC to conduct this work pursuant to Section 107(d) and 122(e)(6) of CERCLA, 42 U.S.C. §9607(d) and 42 U.S.C. §9622(e)(6). In accordance with this authorization, EPA has reviewed and provided comments on the OU2 Removal Action Summary Report. EPA has no further comment. All data as part of this work will be carried into the Remedial Investigation Report for OU2.

If you have any questions, please feel free to contact me.

Sincerely,

10/25/2023

X Leah Werner
