Subject: FW: 0244000267: Site Investigation Workplan (NR 716)

Hello Matt –

The Site Investigation Work Plan for the Three Lakes WDNR Contamination Investigation has been uploaded to the WDNR WAMS site.

We did not include a fee for WDNR Review fee for the Work Plan. Please confirm that is ok.

Also, do you need me to submit a hard copy as well?

Also, I have not heard anything back from the Town of Three Lakes folks (specifically the Town Supervisor and Public Works Director) with regard to our request to discuss drilling and installation of wells in the ROW.

I will follow up with them today, and keep you in the loop on the correspondence.

Thank you -
