Howard- Thanks again for making the trek to Eau Claire for the 2018 annual meeting at National Presto Industries (NPI). Derrick and I also appreciate Mae joining the meeting via Skype. Results from the second trial seasonal shutdown of the Melby Road Disposal Site soil vapor extraction (MRDS SVE) system from Dec 2017 to June 2018 were discussed. Following our discussion, you agreed that similar trial seasonal shutdowns of the MRDS SVE system may continue (please see Gannett Fleming's August 1, 2018, for details) and requested that I send you this email for reference.
