Hi Dave,

As discussed on the phone, I will provide a more detailed response email to the overall sampling proposal when I have a chance next week.

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Hi Dave,

This is consistent with what we discussed over the phone and I concur.

Have a nice weekend,

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Tauren,

A quick follow up to our phone conversation.

TCLP sample details:

- Follow industry standard protocols for soil sampling.
- Soil boring location for TCLP sample to be located within 5 feet radial of temp well P-4.

- Soil sample depth range, approx. 9 to 12 feet bgs. Within the saturated zone.
- Lab analysis VOC Totals and VOC TCLP (method EPA 1311).
- Obtain Totals sample from TCLP jar to be representative.

Thanks
dsh
