Subject: RE: message from Attorney Daniel Marty? reference Hecker Road contamination site

I just spoke with him at 414-287-9616 (NOT 9816 as I listed below).

He expressed interest in obtaining a sworn affidavit from the witnesses, which I explained had already been via the written statement process.

This seems to be the same situation we discussed earlier regarding them not knowing of the existence of signed written statements from witnesses Robert Hansen and Donald Vogt. I think you asked me for the Vogt signed statement form previously which I got a copy of for you. I explained to the attorney that I could get a copy of the signed statement from Hansen to you when I get to the office tomorrow, which he was fine with. I will get it to you to forward to the attorney.

Hi Bob,

I don't recognize the name of the attorney. I know Ned Witte from Godfrey and Kahn represents the City so Daniel may work with him, but I don't know what else they would want regarding the interviews considering Ned has already talked to you and me in the past about them. You can refer him to me if you want.

Thanks,

We are committed to service excellence.

Subject: message from Attorney Daniel Marty? reference Hecker Road contamination site

Hi Tauren.

I have a voicemail message from attorney Daniel Marty (spelling?) from Godfrey and Kahn law firm. Marty said he represents the City of Manitowoc in the Hecker Road contamination site. He asked me to call him to discuss my interviews with the witnesses in that case. Those were witnesses that provided written statements about their knowledge of the site from decades earlier. I received a call from an attorney sometime in the last year or so regarding the same thing which I forwarded to you also. The call just sounds a little suspicious and not sure what the intent of it is. I can call him back but feel I should check with you first, and possibly just refer him to you. Please let me know what you think. Attorney Marty's number is (414) 287-9816.

Thanks Tauren.

We are committed to service excellence.
