Attachments: 20190808_35_SIWP.pdf

Hi Curtis,

I wanted to provide you with an update for this site. On Monday, AECOM will be starting a sampling effort for private wells from where they have sampled so far out to Lake Michigan, as shown on the Expanded Potable Well Sampling, Figure 1A (Page 8 of the attached PDF). At this point sampling is proposed for VOCs only. The City has reached out to 300+ property owners and have received 125 responses so far. AECOM has all of next week scheduled for the sampling. The schedule on page 4 and 5 of the attached PDF is also useful as it outlines what the City and AECOM have done prior to sampling, what they plan to do during sampling, and plans post-sampling.

If you have any questions, please let me know.

Regards,

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
