Subject: RE: Newell Operating Company - Former Newton Gravel Pit August Bimonthly Update

Hello, Andrea – Apologies for missing the August 15 report date. Since our June 15 update, the City and NOC had their quarterly call on July 8 to discuss the status of site investigation activities, as well as the proposed water main extension project. Earlier this week, counsel for the City transmitted to NOC the results from recent sampling events. NOC continues to review those results. NOC awaits from the City answers to questions regarding the City’s 2020 costs, as well as its demand for payment of a portion of those costs. NOC and the City plan to have their next quarterly call the week of October 26. I will provide a further update on Monday, November 22 – unless the Department would like to receive one earlier.

Best,
Katie

Subject: [EXT] Newell Operating Company - Former Newton Gravel Pit August Bimonthly Update

CAUTION: External email.

Good morning Katherine,

On April 30, 2021, the department requested that Newell Operating Company (NOC) continue to provide bimonthly updates (on the 15th of each required month) regarding the cost sharing agreement status between NOC and the City of Manitowoc regarding the Manitowoc City / Former Newton Tn

Gravel Pit site (the Site). The last bimonthly update that the department has received regarding the Site was on June 15, 2021.

The department is requesting that you please provide the status update that was requested to be included in the bimonthly reports by **September 27, 2021**.

Please feel free to contact me with any questions.

Andrea
