Andrea,

I am in the process of setting up further discussions with the City that include addressing the DNR's request. If based on our further discussions we believe NOC and the City may not reach an agreement by June 1, 2022, as requested, I will reach out to you and Tauren to address the issue.

Kind regards,  
Andy

Good afternoon,

Thank you for the bimonthly update on behalf of NOC regarding the Former Town of Newton Gravel Pit site.

Given that you have taken over this project from Ms. Walton, the department would like confirmation on whether NOC is on track to meet the June 1, 2022 deadline for an agreed upon schedule being developed with the City of Manitowoc and submitted to the department for cost recovery for 2021 and beyond as requested by the department on February 1, 2022.

Please let me know if you have any questions.

Thank you,  
Andrea

Dear Andrea and Tauren,

I write to provide Newell Operating Company's ("NOC") bi-monthly status update on the Former Newton Gravel Pit site.

First, I wanted to let you know that Katie Walton has moved on to a new job. I am taking over her role on this matter, representing NOC together with Gabe Rodriguez. I look forward to working with both of you.

On May 2, the City sent NOC a spreadsheet outlining its 2021 Gravel Pit-related costs. The City reports that is in the process of gathering back-up materials for those costs. Once NOC has received and reviewed that backup, NOC and the City will negotiate NOC's payment of a portion of those 2021 costs.

Kind regards,  
Andy
