Subject: Site Investigation Work Plan Approval – 3M Wausau Downtown Parking Lot
144 Rosecrans Street, Wausau, WI 54401
DNR BRRTS# 02-37-000273

Dear Mr. Meurette:

The Department has reviewed the Vapor Intrusion Investigation Work Plan submitted on your behalf by Arcadis U.S., Inc. on November 24, 2021 and approves the scope of work as outlined in the work plan.

Field work proposed includes surveying potentially affected building interiors, indoor air and sub-slab vapor intrusion sampling at 125 Rosecrans Street, and groundwater sampling of a subset of groundwater monitoring wells from the Wauleco (DNR BRRTS# 02-37-000006) monitoring well network. The Department understands that soil gas sampling may occur if contaminants are found above the Wis. Admin. Code Ch. NR140 enforcement standard.

Please continue to communicate with the Department as this investigation proceeds. If you have questions or comments regarding this determination, please contact me at (715) 492-2304 or at matthewa.thompson@wisconsin.com.

Sincerely,

A handwritten signature in blue ink, appearing to read 'M. Thompson'.
