Subject: Request for Extension of Submittal Date for O&M Report - WRR (55929.005)

Matthew –

We would like to request an extension for the date to submit the Operation & Maintenance Report for the WRR Environmental Services site in Eau Claire (BRRTS: 02-18-000274). In our January 28, 2020, letter that accompanied the last O&M report we indicated that the next report would be submitted by January 15, 2021. However, we would like to request an additional time to give our staff and WRR more time to prepare and review the report before it is submitted. Our request of the extension is due to extenuating circumstances partially associated with the Covid-19 pandemic and partially due to our decision to extend the reporting period through November 2020 so we could include the entire SVE data for 2020 in the report.

Please let me know if you approve our request to submit the report by January 31, 2021.

Thanks,

Anthony W. Miller, P.S.S. | Project Manager | Senior Environmental Scientist
