Subject: Approval of Change Order – Judge’s Dry Cleaners, 257 Division Street, Stevens Point  
DNR BRRTS Activity #02-50-000298

Dear Ms. Judge:

Your proposed change order is approved. You may proceed with the proposed work. The Department of Natural Resources (DNR) received the proposal titled Proposal for Groundwater Sampling, prepared by MSA Professional Services, Inc. and submitted on your behalf on April 26, 2021.

Work approved under this scope includes two rounds of groundwater sampling, repair or replacement of flush mount well covers, and vapor intrusion assessment and investigation. A letter report summarizing findings will be prepared and submitted to the Department upon completion of the investigation activities. Cost approved for this change order is \$8,920.00 for consulting and \$7,106.00 for sub-contractors, for a total of total approved \$16,026.00 for consulting and sub-contractor costs.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the Wis. Admin. Code NR 700 series.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program (DERP). Reimbursement is contingent upon availability of funding and a final determination regarding the eligibility of costs at the time of claim review.

If you have any questions regarding the content of this letter, please contact me at 715-492-2304 or [matthewa.thompson@wisconsin.gov](mailto:matthewa.thompson@wisconsin.gov).

Sincerely,

Matt Thompson
