SUBJECT: Approval of Site Investigation Change Order, Judges Cleaners – Stevens Point 257 Division Street, Stevens Point, WI, DNR BRRTS Activity #: 02-50-000298

Dear Ms. Judge:

Your proposed change order is approved. You may proceed with the proposed work. The Department of Natural Resources (DNR) received the proposal titled REI Scope Approval Request 4400-233 (9-6-26) prepared by REI Engineering, Inc., and submitted on your behalf on September 6, 2023.

Included in this proposal is completion of a single round of groundwater sampling at 19 groundwater monitoring points. REI will also assess the existing sub-slab depressurization system in the former Judges Cleaners building and attempt to sample system exhaust gas.

Cost approved for this change order is \$9,398.50 for consulting and \$2,683.80 for sub-contractors, for a total of \$12,082.30.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the Wis. Admin. Code NR 700 series. This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program (DERP). Reimbursement is contingent upon availability of funding and a final determination regarding the eligibility of costs at the time of claim review.
