SUBJECT: Approval of Site Investigation Change Order, Judges Cleaners – Stevens Point 257 Division Street, Stevens Point, WI, DNR BRRTS Activity #: 02-50-000298

Dear Ms. Judge:

Your proposed change order is approved. You may proceed with the proposed work. The Department of Natural Resources (DNR) received the proposal titled REI Scope Approval Request 4400-233 (11/9/2023) prepared by REI Engineering, Inc., and submitted on your behalf on November 9, 2023.

Included in this proposal is a mobilization to abandon two monitoring wells, KFC-3 and KFC-4R due to damage incurred to both from unknown site activities. Keeping the monitoring wells in place presents a risk to the environment, as well as a concern as to the reliability of the data obtained from the wells.

Cost approved for this change order is \$2,065.00 for consulting costs and \$281.60 for miscellaneous supplies for a total of \$2,346.60.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the Wis. Admin. Code NR 700 series. This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program (DERP). Reimbursement is contingent upon availability of funding and a final determination regarding the eligibility of costs at the time of claim review.

If you have any questions regarding the content of this letter, please contact me at (715) 492-2304 or MatthewA.Thompson@wisconsin.gov.
