**L Remarks**

Local Option

Eng 2 responded to Winter St & Maryland Ave . Winter St was being dug up so the roadway could be rebuilt, and as the bucket of a front-end loader was digging, it caused flames in the dirt that had been beneath the pavement. This was adjacent to the property of the old petroleum tank farm, and apparently the soil was contaminated with gasoline or some similar product. When the digger scraped old cobblestones, sparks occurred which started the fires. We connected Eng 2 to a hydrant on Maryland and used the ladder tower to spray water on the area. We soaked the soil as the bucket of the digger turned it over and loaded it onto dump trucks. We also pulled a handline and used that. After about an hour, we stopped the water spray and stood by while they did more digging, and there were no more flare ups. Eng 1 came to relieve us at the scene, and it was decided that the fire apparatus was no longer needed, so they helped us pick up our lines and we all cleared.

08/18/2003 15:31:47 smithb

Battalion Chief R. Rugg I responded with engines one and two to a fuel fire. On arrival a crew was working on the street. The dirt they were digging up was igniting as the lifted it up. The sight was an entrance to an old tank farm. Engine two put up the ladder and sprayed the dirt as it was being dug up. They remained on scene until the dirt was wet enough that it didn't light. Cleared.

09/02/2003 13:07:04 rugg

Engine 1, Charlie Haworth, Lane Halverson, Mike Hoyt, responded to Susquehanna & Winter but were cancelled enroute by Engine 2. Around 1245 Engine 1 went to the scene to relieve Engine 2. Upon our arrival BC Rugg directed us to help Engine 2 pick up & clear the scene. We also cleared once Engine 2 was back in service.
