February 4, 2014

Unitech Resources, Inc.
10014 N Wasaukee Rd.
Mequon, WI 53092

Dear Sirs/Madams:

Subject: **NOTICE OF NONCOMPLIANCE** for PCB contamination at the former Ecolab site, 10014 N. Wasaukee Road, Mequon, file reference FID #246046350, BRRTS #0246000340.

It has come to my attention that this case has not been active since about 2003. Please have your consultant contact me with an update as to what work has been done since that time. Send me copies of any reports that have been generated, if any. Have your consultant submit a brief plan to me as to what work needs to be done to bring this case to closure, and a timetable for when that work will be done. The department may begin enforcement action against you if I don't hear from you regarding this matter by March 12, 2014.

Your legal responsibilities are defined both in statute and in administrative codes. The hazardous substances spill law, Section 292.11 (3); and 292.99 Wisconsin Statutes, states:

RESPONSIBILITY. A person who possesses or controls a hazardous substance which is discharged or who causes the discharge of a hazardous substance shall take the actions necessary to restore the environment to the extent practicable and minimize the harmful effects from the discharge to the air, lands, or waters of the state.

PENALTIES. (1) Except as provided under sub. (1m), any person who violates this chapter or any rule promulgated or any plan approval, licence or special order issued under this chapter shall forfeit not less than \$10 nor more than \$5,000 for each violation. Each day of continued violation is considered a separate offense. While an order is suspended, this penalty does not accrue.

If you have any questions about this letter, please call me at 920-893-8523.

Sincerely

John Feeney
Wisconsin Department of Natural Resources
