Environmental Repair Section
Wisconsin Department of Natural Resources
Box 12436
Milwaukee, WI 53212

Dear John,

This letter is to confirm your approval of a fifteen day extension of the deadline for submittal of the scope of work plan related to contamination at 120 West Freistadt Road. This is necessary due to the time necessary to secure proposals from environmental consultants and to secure authorization from the Board of Trustees to retain a consultant.

Very truly yours,

Kristine M. Hinrichs
Village Administrator
