Dianne S. Robertson, Village Administrator  
Village of Thiensville  
250 Elm Street  
Thiensville, WI 53092

Dear Ms. Robertson:

Subject: Old spill at 120 West Freidstadt Road, Thiensville

I am in the process of reviewing old open files and reviewed an old open file that we have regarding an incident where vandals tipped over and opened four drums at the Village DPW. We have a site investigation workplan from 1991 that documents that some excavation of contaminated soil occurred, but we do not have a final report describing any findings of the remedial action or any other work that may have occurred. Please submit to me any reports you may have regarding what happened with this case. I am enclosing maps from this site investigation workplan to help you determine what this particular area of concern is since other environmental cleanups have occurred nearby.

If no work was done, please have your consultant determine what needs to be done, and have your consultant submit a letter to me outlining what actions will occur and when.

If you have any questions about this letter, please call me at 920-892-8756 extension 3023.

Sincerely,

  
John Feeney  
Wisconsin Department of Natural Resources
