When the required actions are completed, submit the appropriate documentation within 120 days of the date of this letter to verify completion. At that point, your closure request can be approved, and your case can be closed.

### **Listing on Database**

This site will be listed on the DNR’s Bureau for Remediation and Redevelopment Tracking System on the Web (BOTW) and RR Sites Map to provide public notice of remaining contamination and continuing obligations. The continuing obligations will be specified in the final case closure approval letter sent to you. Information that was submitted with your closure request application will be included on BOTW, which can be located online at [dnr.wi.gov](http://dnr.wi.gov) by searching “BOTW”.
