Hello Angela,

I have reviewed the 2018 On-Property Corrective Measures Monitoring & Maintenance Report and I see the photographs of the rutting in Area B photos 5 and 6. Please send me a figure showing the location and direction of all the photographs taken for the report. Depending on the location of the ruts repairs may be necessary. Also, please let me know when the site inspections were completed in 2019 and when we can expect a Corrective Measures Monitoring & Maintenance Report being prepared for 2019. Please contact me if you have any questions or if you would like to discuss.

Thanks.

We are committed to service excellence.
