RE: Wetland Delineation Report for The Crawford Creek flood plain from the tributary leading from the former Koppers Facility to just downstream of the railroad grade downstream located Section 12, Township 48 North, Range 14 West, Town of Superior, Douglas County

Dear Mr. Bessingpas:

We have received and reviewed the wetland delineation report prepared for the above-mentioned site by ARCADIS. This letter will serve as confirmation that the wetland boundaries as shown on the wetland delineation map date 2/24/2020 are acceptable. This finding is based upon a field visit. Any filling or grading within these areas will require DNR approvals. Our wetland confirmation is valid for five years unless altered site conditions warrant a new wetland delineation be conducted. Be sure to send a copy of the report, as well as any approved revisions, to the U.S. Army Corps of Engineers.

In order to comply with Chapter 23.321, State Statutes, please supply the department with a polygon shapefile of the wetland boundaries delineated within the project area. Please do not include data such as parcel boundaries, project limits, wetland graphic representation symbols, etc. If internal upland polygons are found within a wetland polygon, then please label as UPLAND. The shapefile should utilize a State Plane Projection, and be overlain onto recent aerial photography. If a different projection system is used, please indicate what system the data are projected to. In the correspondence sent with the shapefile, please supply a brief description of each wetland's plant community (eg: wet meadow, floodplain forest, etc.). Please send these data to Calvin Lawrence (608-266-0756, or [calvin.lawrence@wisconsin.gov](mailto:calvin.lawrence@wisconsin.gov)).

In addition to contacting WDNR, be sure to contact your local zoning office and U.S. Army Corps of Engineers to determine if any local or federal permits may be required for your project.

If you have any questions, please contact me at (715) 392-0803 or email  
Steven.LaValley@wisconsin.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven LaValley". The signature is written in a cursive, flowing style.
