Good morning Carrie

On April 22, 2024, we met with you on the former Doberstein property (Bureau of Remediation and Redevelopment Tracking System (BRRTS) # 02-61-000488) to review, discuss and inspect the continuing obligations associated with the closure of this site.

During the site visit, you noticed the concrete cap adjacent to the Process Building needed repairs to any cracks greater than ¼". Please see the attached photos and note that the repair was completed on June 25, 2024.
