Subject: Notice of New Project Manager: Susies Restaurant - LGU - WI DOT (BRRTS#: 02-36-000516)

Good Afternoon Dan,

This email is to inform you that I am the new project manager for the Susie's Restaurant – LGU – WI DOT (BRRTS #: 02-36-000516) site. Previous correspondence with the City of Manitowoc indicates that the city does not intent to proceed with work at the site at this time.

I would like to propose at a minimum locating any remaining wells (I am willing to meet up with someone to help with this task). It would be helpful to know what still remains following the roadway construction completion in 2002. If any wells are located I would like to propose sampling the wells and then potentially abandoning the remaining wells.

The city is not required to do any work, however identifying and abandoning any remaining wells will help mitigate any risk to groundwater should a new release occur at some point in the future.

If you have any questions or comments please feel free to reach out to me.

Thank you,

Sarah
