Wisconsin

Dear Ms. Schultz-Stoker:

The North Central District Case Closure Committee has completed its review of the documentation for clean up of stain and varnish contamination at the Former Connor Forest Industries, 131 West Thomas Street in Wausau, Wisconsin.

Based on the information provided to the Department by Geraghty & Miller, Inc., the Department is not requiring that any further investigation and/or remediation be undertaken at this time. However, if at some time in the future, information is made available to the Department which indicates that additional investigation and/or remediation is warranted, the Department will require that the appropriate action be taken.

You should note that this letter does not constitute Department "certification" under s. 144.765(2)(a)3, Stats., as created by 1993 Wisconsin Act 453 (May 12, 1994). Persons who meet the definition of "purchaser" in s. 144.765(1)(c) must receive Department pre-approval prior to conducting a site investigation in order to be eligible for the liability exemption under s. 144.765, Stats.

If you have any questions, please contact me at 715/365-8990.

Sincerely,  
NORTH CENTRAL DISTRICT

Janet Kazda
