RE: Additional Site Investigation Activities, Redi-Quick Cleaners, 9508 W.
 Greenfield Ave. West Allis, Wisconsin , Envirogen Project No. P000076.

Dear Mr. Gruichich:

I am writing on behalf of the Remediation and Redevelopment Section of the Wisconsin Department of Natural Resources (WDNR), Milwaukee Service Center, Southeast Region to grant approval to the referenced work plan.

In approving this workplan, it was WDNR's recommendation to install at a minimum two piezometers and sample for VOCs to fully define the extent of soil and groundwater contamination on this site but the Consultant opted not to.

We look forward to working with you to accomplish the remediation of this site. If you have any questions concerning this approval, please contact me at (414)-263-8607.

Sincerely,

Binyoti F. Amungwafor.
