SUBJECT: Redi-Quick Cleaners, 9508 West Greenfield Avenue, West Allis, WI 53214
BRRTs # 02-41-000676, FID #241170490

Dear Mr. Gruichichi:

On July 13, 2004, the Department of Natural Resources ("the Department") received a request for: Completion of Site Investigation Approval and on September 17, 2004 the Department sent a letter pertaining to this request. The Department has not received a remedial option report for the site.

In a recent audit of case files, the Department found no indication that any action has been taken at the site since July 13, 2004. Under Section 292.11 of the Wisconsin Statutes, a person who possesses or controls a hazardous substance release (e.g., the owner of the property where a spill has occurred) is required to take actions necessary to restore the environment to the extent practicable. Because the release of contaminants into soil and groundwater may have significant environmental or health implications, it is important that the extent and degree of the released contaminants be determined and that the contamination be remediated to the extent practicable.

Please submit the name, address and phone number of the environmental consultant you have retained to remediate the release at the site, along with a remedial options report and schedule for the remediation, within 30 days of receipt of this letter. If you have other information, such as reports or laboratory results from samples collected at the site, you should submit these as well. All applicable information should be submitted IN WRITING to:

Ms. Victoria Stovall
Remediation and Redevelopment Program
Wisconsin Department of Natural Resources
Box 12436
Milwaukee, WI 53212

Correspondence should reference the "Subject" name and file reference numbers listed above. **Please include a copy of this letter with your submittal.**

If we do not hear from you, the Department may pursue enforcement action. If you have questions on your responsibilities in this matter, I can be reached at 414-263-8607

Sincerely,

Binyoti F. Amungwafor
Hydrogeologist
