Subject: DNR Ready for Reuse Loan Eligibility Determination
Dorothy G, Inc. – West Allis

Dear Mr. Stibal:

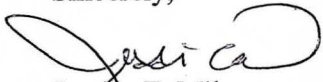

Staff from the Wisconsin DNR and EPA Region V have reviewed your Ready for Reuse Application Part I, which you submitted for the Dorothy G, Inc. site in West Allis. Based on the information provided in that application, your site has been determined to be eligible for the Ready for Reuse Loan and Grant Program.

If you are still interested in the \$350,000 loan that you applied for, please fill out Application Part II from the DNR (Form 4400-239). Staff will then review Part II and make a final loan determination. If you are no longer interested in the loan, please contact me at 608-267-6743 to withdraw your application.

Please note that the DNR has determined that this application is eligible for funding based on the information provided at the time the application was reviewed. This should not be interpreted as a determination about the liability of potential causers, property owners or other potentially responsible parties regarding the discharges of hazardous substances or the presence of environmental contamination that may be present on this site.

I look forward to working with you on this project. Please let me know if you have any questions about the loan program or the application process.

Sincerely,

Jessica E. Milz
Brownfields Specialist
