Subject: Supplemental Sub-surface Site Investigation Report, Redi-Quick Dry Cleaners Site, 9508 West Greenfield Avenue, West Allis, Wisconsin

Dear Mr. Gruichich:

I am writing on behalf of the Wisconsin Department of Natural Resources (WDNR) to grant approval to the referenced supplemental sub-surface investigation. The investigation was performed so as to characterize soils between the Redi-Quick building and the Dauer residence and to evaluate current groundwater quality and geochemical conditions prior to remediation. This site can now proceed to a remediation bidding.

If you have any questions concerning this letter, please contact me at 414-263-8607.

Sincerely,

Binyoti F. Amungwafor
Hydrogeologist
