Office of the Village Administrator
P.O. Box 125
Grafton, WI 53024-0125

Dear Mr. Hofland:

Subject: Lime Kiln Park, FID #246036780, BRRTS #0246000743

Please have your consultant submit a report for groundwater monitoring that has taken place since the last report, which was submitted in November of 2001. Your consultant should include an updated evaluation of the feasibility of using natural attenuation as a remedy for the site and recommendations for any further action and monitoring. Include contaminant concentration tables that display detects for each well over time for easy comparison purposes.

Have your consultant let me know within 10 days as to when such a report can be submitted. If you have any questions about this letter, please call me at 920-892-8756, extension 3023.

Sincerely,

John Feeney
Wisconsin Department of Natural Resources
