BUREAU OF SOLID -
HAZARDOUS WASTE MANAGEMENT

Mr. Craig R. Bostwick
Waste Management Specialist
Freeman Chemical Corp.
P.O. Box 996
Port Washington, WI 53074-0996

Dear Craig:

RE: Former Freeman Chemical Corporation Dump Site, SW $\frac{1}{4}$, Section 4,
T11N, R22E, Town of Port Washington, Ozaukee County (Didier
Property)

Thank you for your September 18, letter concerning the drum clean-up at the
Town of Port Washington dump site.

The Department of Natural Resources is pleased that Freeman Chemical has
voluntarily removed drums from the site in addition to the Town of Wayne and
Town of Sherman disposal sites.

Our records indicate that Freeman Chemical also used the Saunders property in
the Town of Saukville (1806 W. Center Road) for drum disposal in the past.
Mr. Russell Cerk inspected the property in December, 1986. At that time a few
drums were seen. Do you plan any further removal activities at this or any
other disposal site not previously cleaned up? If you feel that all past
disposal sites have been cleaned up please let me know in writing so that we
may close out this matter.

Again, the Department thanks Freeman Chemical for its efforts to redress past
disposal practices.

Please call me at (414) 562-9647 if you have any questions or comments.

Sincerely,

Roger R. Klett
Waste Management Specialist
