RE: CCP Former Hazardous Waste Incinerator Closure - Semivolatiles Investigation Report

Dear Tim:

Enclosed are the replacement covers for the Semivolatiles Investigation Report, which was prepared for the former hazardous waste incinerator at Cook Composites & Polymers (CCP's) Saukville facility.

Please replace the covers of your existing documents with these covers, which include the P.E. certification and the signature of a responsible officer at CCP. This fulfills the requirements of NR 680.05(1)(C)1 and NR 680.05(2) and completes the document submittal.

On behalf of CCP, we look forward to your approval of the Semivolatiles Report and future implementation of the Closure Modification Plan.

Sincerely,

A handwritten signature in black ink that reads "Stacy McAnulty".

Stacy McAnulty, P.E.
Senior Project Engineer
