SUBJECT: Financial Responsibility - Closure Costs  
Cook Composites & Polymers Co.  
WID 980615439

Dear Mr. Bostwick:

This letter acknowledges receipt of the revised closure cost estimate dated August 1, 1994. It was submitted for the Cook Composites & Polymers Co. (CCP) former hazardous waste incinerator located at 340 Railroad Street in Saukville.

The cost estimate was reviewed by Department staff and was found to meet the requirements of s. NR 685.07(2), Wis. Adm. Code. The revised cost estimate is in the amount of \$113,910. CCP is currently using a letter of credit to demonstrate financial responsibility for closure for this facility. The letter of credit is in the amount of \$111,132. Since this amount is not adequate to cover the revised cost estimate, the amount of the letter of credit will need to be adjusted to reflect the revised cost.

Please submit the revised letter of credit to me within 60 days of the date of this letter. If you have any questions regarding this matter, please feel free to contact me at (608) 267-7515.

Sincerely,

*Colleen D. Hellenbrand*
