RE: Termination of
Administrative Order on
Consent, V-W-88-R-002
Cook Composites and Polymers
WID 980 615 439

Dear Mr. Fryatt:

On March 28, 1995, U.S. EPA submitted a Modification and Amendment (Modification) to the Administrative Order on Consent (AOC), V-W-88-R-002, to the Wisconsin Department of Natural Resources (WDNR) and to Cook Composites and Polymers (CCP) for review and comment. WDNR and CCP concurred with the Modification and signed the signature pages and returned the pages to the United States Environmental Protection Agency (U.S. EPA).

Enclosed are two copies of the signature page, signed by Cook Composites and Polymers. Please sign the signature pages within 15 days of receipt of this letter and return the signed pages to the United States Environmental Protection Agency (U.S. EPA). The Director of the Waste Management Division, U.S. EPA, Region V, will also sign the pages upon return to U.S. EPA. U.S. EPA will then issue a notification that the AOC is terminated and will distribute the signed signature pages.

If you have any concerns or questions, please contact Robert Smith of my staff at (312) 886-7568.

Sincerely yours,

Joseph M. Boyle, Chief
RCRA Enforcement Branch
