Mr. Craig Bostwick
Director Environmental Regulatory Safety
Cook Composites & Polymers Co.
919 E. 14th Avenue
North Kansas City, MO 64116

SUBJECT: Financial Responsibility - Corrective Action & Liability
Cook Composites & Polymers Co.
WID 980615439

Dear Mr. Bostwick:

This letter acknowledges receipt of revised corrective action cost estimates received on February 4, 1997. The cost estimates were submitted for the Cook Composites & Polymers Co. (CCP) hazardous waste facility located at 340 Railroad Street in Saukville, Wisconsin.

We have completed a review of the revised cost estimates, and have determined that they adequately cover the corrective action work to be done at this facility, and are acceptable. The revised cost estimates are in the amount of \$96,500. CCP currently has an irrevocable letter of credit for corrective action in the amount of \$149,000 in place with the Department, which adequately covers the revised cost estimates.

This letter also acknowledges receipt of a Hazardous Waste Facility Certificate of Liability Insurance received on January 8, 1997. The certificate was submitted to demonstrate liability coverage for CCP's Saukville facility. We have reviewed the certificate and determined that it meets the requirements of s. NR 685.08, Wis. Adm. Code. It is acceptable as proof of financial responsibility for liability coverage.

If you have any questions regarding these matters, please feel free to contact me at (608) 267-7515.

Sincerely,

Colleen D. Hellenbrand
